

C U R R I C U L U M V I T A E

Dimitris C. Kaliampakos

PERSONAL DATA

- **Date of birth:** 26 May 1962
- **Address:** 9 Heroon Polytechniou street, Zografos, Athens 15780
- **tel.:** +302107722211, **fax:** +302107722156
- **e-mail:** dkal@central.ntua.gr

EDUCATION

- **1988 – 1993:** Ph.D in Industrial Minerals, National Technical University of Athens (NTUA)
- **1980 – 1986:** Diploma in Mining Engineering – Metallurgy, National Technical University of Athens (NTUA), Department of Mining and Metallurgical Engineering, Degree grade: 7.44

PROFESSIONAL EXPERIENCE

- Professor in the School of Mining and Metallurgical Engineering of the National Technical University of Athens (NTUA).
- Director of the Laboratory of Mining and Environmental Technology of the NTUA.
- Member of the Scientific and Administrative Committee of the NTUA Postgraduate Course “Environment and Development”
- Member of the Board of Directors in the Lavrion Technological and Cultural Park
- Senior Researcher in NTUA, over 20 years
- Consultant in Mining Enterprises for more than 15 years
- Consultant in Environmental Protection Companies

MAIN RESEARCH INTERESTS

- Environmental impacts of mining activities
- Environment and natural resource economics
- Environment and development of mountainous areas
- Underground development
- Mining exploitation and industrial minerals
- Brownfields
- Development of virtual reality applications

EDUCATIONAL ACTIVITIES

- Postgraduate courses:
 - Environmental economics: Applications on mountain development issues
 - Introduction to the environment and society of mountainous areas
 - Environmental economics
 - Economics of water resources and the environment
 - Risk assessment in safety and health issues
 - Design and technical-economic assessment of special underground works

- Undergraduate courses:
 - Environment and development
 - Environment II (environmental protection in mining and metallurgy)
 - Environmental mining and quarry engineering (special topics)
 - Marble and industrial minerals
 - Environmental management - Legislation
 - Mineral economics
 - Underground works
 - Solid waste treatment – Material recycling
 - Mine valuation and mining legislation
- **Coordinator of the MSc “Environment and Development of Mountainous Areas”**. This postgraduate program focuses on mountain issues and is organized in Metsovo, at the heart of Pindos mountain range. The educational process is characterized by experiential learning, encountering real – life problems of mountainous areas and interdisciplinary approach to environment and development issues. It is the only educational program, in Greece, dedicated to mountainous areas issues.

RESEARCH PROJECTS

Participation in 57 research projects, in 22 of them as coordinator and in 24 of them as main researcher.

List of indicative research projects:

- Main researcher in the EU funded, LIFE program “Action plan for the site location and the development of design operation and environmental impact assessment method of solid waste sanitary landfill in Egypt governorates”
- Main researcher in the EU funded program “Energy, Environment and Sustainable Development: Low Risk Disposal Technology” (E.E. EVGI – CT –2000 - 00020)
- Coordinator in the program “Environmental Protection and Innovation in Western Attica”, funded by the Prefecture of Western Attica
- Coordinator in the program “Risk assessment of the by - products and waste of the lignite – fired power stations in Ptolemaida”, funded by the Greek Public Power Corporation
- Scientific coordinator in the project “Soil rehabilitation and supplemental works in the Technological – Cultural Park of Lavrio”, funded by the European Union and the Greek Government. This project included the decontamination of soils containing hazardous waste from the mining activities in the area of Lavrio, as well as the construction of an innovative underground facility for storing hazardous waste. A sufficiently equipped environmental laboratory was also created for the control and monitoring of the procedures.

PUBLICATIONS

Over 120 publications in peer – reviewed journals and international conferences and 130 citations.

Participation in writing of 3 collective volumes.

- “Disposal of Hazardous Waste in Underground Mines: Basis, Analysis and Design”, Wessex Institute of Technology, 2006. Chapters 1 and 2.

- Proceedings of the 11th ACUUS International Conference, “Underground Space: Expanding the Frontiers”, National Technical University of Athens, 2007. Editor.
- Proceedings of the 1st International Conference, “Underground Spaces – Design, Engineering and Environmental Aspects”, Wessex Institute of Technology, 2008.

GRANTED PATENTS

“Cleaning and preparing surfaces of ships or other metal bodies for staining through sandblast, by using dolomite of the Stefani area, prefecture of Viotia, Greece”, Greek Industrial Property Organization, patent number 1001560 – 24 March 1994. Regulated to D. Kaliampakos and K. Panagopoulos.

INVITED PRESENTATIONS TO INTERNATIONAL CONFERENCES

40 invited presentations / speeches to international conferences and scientific meetings.

List of indicative conferences:

- “First International Conference on Waste Management and the Environment”. Cadiz, Spain, 4 – 6/9/2002.
- “Sustainable Development – Environment – Local societies”, Scientific meeting of the Greek Association of Mining Companies in cooperation with Eurometaux and Euromines. Athens, Greece 16/9/2003.
- International Conference on Innovation by Life Cycle Management (LCM). Barcelona, Spain, 5-7 September 2005.
- “International Conference on Underground Space”. Beijing, China, 18-19/11/2006.
- “1st International Conference on Underground Spaces – Design, Engineering and Environmental Aspects”. The New Forest, UK, 8-10/9/2008.

ORGANISATION OF INTERNATIONAL CONFERENCES

Cooperation in the organization of 14 international conferences, as a member of the organizing or the scientific committee.

List of some of the main conferences organized:

- First International Conference on Environmental Economics and Investment, Mykonos, Greece, 13 - 15 September 2006. Member of the International Scientific Committee.
- International Conference on Underground Space, Beijing, China, 18 – 19 November 2006. Vice – president of the International Scientific Committee.
- First International Conference on the Management of Natural Resources, Sustainable Development and Ecological Hazards, Bariloche, Argentina, 12 - 14 December 2006. Member of the International Scientific Committee.
- 11th ACUUS International Conference, Underground Space: Expanding the Frontiers, 10-13 September 2007, Athens, Greece. President of the Organizing Committee.

MEMBERSHIPS TO EDITORIAL BOARDS OF INTERNATIONAL JOURNALS

Participation in papers review in the following international journals:

1. Journal of Environmental Engineering (JEE), ed. Recycling of Waste Materials in Construction.
2. Surface and Coatings Technology, Elsevier editions
3. Fuel, Elsevier editions
4. Tunneling and Underground Space Technology, Elsevier editions
5. Landscape and Urban Planning, Elsevier editions

6. Journal of Environmental Management, Elsevier editions

Member of the International Editorial committee of the book series “The Sustainable World”, published by the Wessex Institute of Technology.

AFFILIATIONS

- Member of the Technical Chamber of Greece
- Vice-President of the Associated Research Centers for Urban Underground Development (ACUUS)
